

LCP Easy Pay

Save time, save money.

LCP Easy Pay (auto pay program) is a free electronic funds transfer program that's designed to make it more convenient for you to pay your power bill. With LCP Easy Pay, your payments are automatically deducted from your checking or savings account on the due date each month. Your account will be billed as usual and the due date will remain the same. Paperless billing is also available.

By signing below, I understand how the LCP Easy Pay plan works and would like Lake Country Power to begin electronic withdrawals from my account at the financial institution I have named in my application for electronic payments. In addition to authorizing Lake Country Power, I authorize my named financial institution to charge those withdrawals from my account. Both Lake Country Power and my financial institution have the right to cancel my use of electronic payments and this agreement will remain in effect until I give my intent to withdraw in writing to Lake Country Power.

This authorization will be in effect until written notice is given to Lake Country Power, a minimum of 10 (ten) days notice is required to discontinue my participation in the automatic payment program.

I understand by checking this box for paperless billing, I agree to keep a valid email address on file with Lake Country Power and billing notifications will be sent to me electronically. By signing up for paperless billing, I am agreeing to have Lake Country Power initiate the SmartHub enrollment process (if not already enrolled). I understand it is my responsibility to finish setting up my online account, so I may view my bill online.
