

## **District 2 Director Candidate**

### **Mike Forsman**

Members:

I'm Mike Forsman, current District 2 Director for Lake Country Power.

I am a 35-year LCP member at my home on Johnson Lake (6 miles South of Ely). I am a passionate supporter of LCP's mission to "enhance our communities by providing safe, reliable, and affordable energy to our members."

As your Director, I have taken advantage of the education available through the Minnesota and National Cooperative organizations. I read the trade magazines, and online articles, but, probably more important, as your representative, I am always open to your calls, your visits, and ideas. The bottom line: I enjoy serving you.

Condensed biography: 77 years old, married 56 years to Ernestine, Father of 4, Grandfather of 4 and 1 Great-granddaughter. Honorably Discharged Marine Sgt. 12 years of elected service as Ely councilman and Mayor and 20 years as a St. Louis County District 4 Commissioner.

The large territory of LCP may mean travel in all kinds of conditions is necessary to serve our members. I continue to make that commitment, in fact I kind of like the challenge.
