General Service Residential Rates (when not on an Energy Wise® program)

- 14.93¢ per kWh (Shoulder months: Mar. – May & Sept. – Nov.)
- 15.93¢ per kWh (Winter: Dec. – Feb.)
- 16.93¢ per kWh (Summer: June – Aug.)
- \$50 (monthly facilities charge)

The monthly facilities charge recovers a portion of the co-op's local cost of delivering electricity to members. Part of our "fixed" costs are also collected through the kilowatt-hour charge. The facilities charge:

- Accounts for the co-op's investment in equipment like poles, wires and transformers, as well as labor to provide members with safe and reliable electric service.
- Supports fleet, facility and member service functions, such as line maintenance, right-of-way clearing, member service support and administrative responsibilities.
- Is similar to monthly fees that other utilities charge, such as telephone service providers.

Renewable Energy

- Wellspring Wind - 45¢ per 100 kWh block
- Wellspring Solar - \$2.00 per 100 kWh block
- Wellspring C&I Wind - \$4.50 per 1,000 kWh block
