

Warehouse/Inventory Control

Lake Country Power is a Touchstone Energy cooperative serving 43,000 members in northeastern Minnesota. We are seeking a highly motivated individual to fill a sole warehouse position in our Grand Rapids, MN service center.

The position is responsible for receiving, storing and issuing line materials, tools and safety equipment. The position is also accountable for inventory management at the service center and outposts, facility maintenance and all other aspects of coordination for a full-service warehouse.

Qualified candidates must have a high school diploma or GED, a Commercial Driver's License (must attain a Class A CDL within the first 90 days of employment), computer proficiency, forklift experience (or similar equipment), and exceptional organizational and customer service skills. Preferred candidates will have basic knowledge of electric distribution materials, inventory experience, and post-secondary education.

Lake Country Power offers a competitive salary combined with an exceptional benefits package. Applications are available on Lake Country Power's website at www.lakecountrypower.coop. Please send resumes and applications to:
